**Kate Lilley : Recycled Crafting for Kids** before purchasing it in order to gage whether or not it would be worth my time, and all praised Recycled Crafting for Kids:

Small children love crafting and creating, and its educational as well as enjoyablecrafting can help develop fine motor skills and teaches small children to follow instructions and work alongside someone else. Kate Lilleys hugely popular blog, Minieco, grew out of her desire to teach her own kids to be resourceful and use whats around them for creative play. Parents and kids alike will love the 35 bold, colorful projects featured in the book and divided into sections that include Music, Nature, Sewing, Science and Recycling Bin. The final section contains a list of 50 quick boredom busters that harassed parents can pull out of the bag in an emergency!
