**Helen Eriksson : Ribbon Renaissance (Milner Craft Series Writing on Stone)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ribbon Renaissance (Milner Craft Series Writing on Stone):

22 of 23 people found the following review helpful. Not a how-to book By Georgina The lady from California is right: beautiful and stunning. A superb coffee table book BUT not a how-to let me show you how one. If you want to make these projects you'll have to buy them from her OR get the Ann Cox Beginner's Guide and learn how. Ms. Eriksson's directions are rather sketchy and terse. An unfortunate after-effect of this terseness is that the book feels more like a catalogue, hence the coffee book category, than a craft manual. Most of the projects are superb but towards the end they fall into the Helen Gibb (another Oz ribbon worker) category and become overly-done garish Victoriana. That aside there is some seriously good embroidery here and if get the Ann Cox book you can figure out how to make that all happen. Ann is a superb teacher-artist and her thin volume truly prepares you for the inspiration of Eriksson. 0 of 0 people found the following review helpful. Ribbon Renaissance Review By Paula I love the pictures done in needlework in this book and the photography is super. I look forward to doing many of the projects in the book. The only thing I don't like is the awkward size of the book. 0 of 0 people found the following review helpful. It is in excellent condition. It will be a nice gift for ... By Rustem Latypov Well, the book was delivered on time. It is in excellent condition. It will be a nice gift for my friend who is fond of ribbon embroidering. I'd recommend Brooke Book

Make pictures, cushions, bags, and more, imbued with the romance and charm that only ribbonwork can capture. All

necessary stitches are fully illustrated so that even a beginner can make the daffodils, daisies, roses, tulips, carnations, irises, herbs, and other beauties that comprise each and every project in this captivating collection.
