**Peter Beales : Roses** before purchasing it in order to gage whether or not it would be worth my time, and all praised Roses:

An illustrated encyclopedia and grower's handbook of species roses, old roses and modern roses, shrub roses and climbers. Comprehensive and authoritative, it covers nearly 2,000 roses and is illustrated with more than 1,000 stunning new four-color illustrations. Includes Beales' experience-tested advice on rose cultivation in today's natural or formal gardens or under glass.
