Nicole F. Cox : Round Loom Knitting in 10 Easy Lessons: 30 Stylish Projects before purchasing it in order to gauge whether or not it would be worth my time, and all praised Round Loom Knitting in 10 Easy Lessons: 30 Stylish Projects:

10 of 10 people found the following review helpful. I love, love By leisay88 I love, love, love this book! I am not new to loom knitting. In fact, I have loom knit for six years. I love the patterns in this book and it would have been great help when I was just a beginner. Nicole writes patterns that are easy to understand. They are all beautiful. This was a fantastic purchase and I can't wait to make the patterns in this book. 1 of 1 people found the following review helpful. Great book for beginners By Jane Miller I knit and crochet. A family member and a friend expressed interest in learning how to knit, but were intimidated by it. I thought that they might find knitting looms fun. I had never used a knitting loom before so I thought I'd give it a shot. This book is great for a beginner. I tried using YouTube videos to get

started, but this book gave very clear instructions. I found its explanation of a crocheted cast on actually more understandable than YouTube. It has a number of fun beginner projects, plus for confident beginners. I am anxious to try all of them. Who knew you could make scarves, shawls, socks, pillows and shrugs with a simple circular loom? If you are getting into loom knitting or if you are a pro and are looking for a pattern book, this is the one to buy. 1 of 1 people found the following review helpful. Best looming book ever By Mari Loosen I considered myself to be a good looser. No way. I read the book and can't wait to try the patterns. I am a needle knitter but sometimes that is hard for me because of lymphedema and bone cancer. When I saw the bunny hat in here, I knew just what I was starting tomorrow for my granddaughter. I have been to many craft fairs and have been able to pick out the loom knits as unprofessional. Not these techniques and patterns.

Loom knitting--the art of creating woven fabric using pegs and a hook instead of traditional knitting needles--is quicker and easier on the hands than knitting, but the results are just as lovely! The easy-to-follow lessons in this book start with the basics and progress to more complex techniques--an invaluable visual reference for loom knitters of all levels. Lessons cover basic stitches, using multiple colors, increasing, decreasing, twists and cables, and more 30 stylish projects include cowls, infinity scarves, beanie and slouchy hats, boot cuffs, fingerless mitts, designs for the home, and an elegant shrug. Easy to learn; you can complete Lesson 1 and your first project in the same day!

About the Author Nicole F. Cox sells downloadable PDF patterns for loom knitting through her blog, This Moment is Good, and her store on Etsy. Her Google+ page, which is devoted to loom knitting, has more than 3.1 million views. Nicole also has a YouTube channel, This Moment Is Good Loom Knitting, dedicated to how-to videos on round loom knitting. She lives in New Jersey.
