If you have memories of driving route 66, then you will probably find something in here that will take you back in time. It is a "punch out" book. The buildings are of the size that would fit an HO train set. Most are a couple of inches tall, some larger. All give a good representation of the building. Besides the main buildings, there are numerous small items such as road signs, post cards, and trivial items related to the good old days.0 of 0 people found the following review helpful. Retirement giftBy Theresa MetzMy friend has planned a trip on Route 66 for years and now has it scheduled for next year. This was the perfect gift for her husband and her.0 of 0
