**Kim Reygate : Rubber Stamping (A Passion for Paper)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rubber Stamping (A Passion for Paper):

You will be amazed at what you can achieve in no time at all with Kim Reygate's expert guidance. Her original style and use of colour and texture are truly inspirational and the techniques she illustrates are clear and simple. Step-by-step photographs guide you through all the projects, and every page of the book is packed with helpful information. Masses of lavish illustrations provide inspiration for your own designs, and you will be amazed at how quickly you'll be able to put your ideas into practice, with stunning results. This is a book that will delight beginners and more experienced rubber stampers with its original content, its simple approach and its innovative ideas.

Sept 09 Good all round stamping books are surprisingly rare. While many card making, scrapbooking or general craft

books cover a little about rubber stamping or stamping techniques, there are relatively few books that are completely dedicated to the craft of rubber stamping. Therefore *A Passion for Paper: Rubber stamping*, by Kim Reygate, is a pleasure to read and ideal for someone who wants to focus on the basics of rubber stamping. All of the techniques described within the book can be used in a wide variety of rubber stamping projects, including card making. *A Passion for Paper: Rubber stamping* by Kim Reygate is an excellent book. It is ideal for beginner and intermediate rubber stampers. The basic information about supplies and essential techniques is extremely useful to someone who is starting stamping for the first time. It will also be of interest to more advanced stampers, although they may already be familiar with many of the techniques. About.com August 2007 Make your stamped cards stand out from the crowd with this fab new book. Whether you're already a self-confessed stampaholic or haven't even touched an ink pad before, there's heaps of techniques in her to try. Have a go at sponging, collage stamping and stamping with chalks...step-by-step pictures mean that you'll find learning new stamping skills a breeze! This is a great guide if you're itching to try out new things, as well as loads of fun for established stampers seeking inspiration. *Papercraft Inspirations* Oct 06 Keen rubber stampers won't want to miss the latest book from Search Press. *Rubber Stamping* by Kim Reygate features many different techniques from sponging and embossing to using chalks and layering colour. There are lots of fantastic ideas and in no time at all you'll be creating a variety of different looks and designs. Inside are simple step-by-step instructions and photographs as well as innovative ideas making the book perfect for both beginners and experienced stampers. *Making Cards* About the Author Kim Reygate teaches at a local craft centre and demonstrates for various craft companies. She has written numerous articles for popular craft magazines, and in 2005 was voted into third place for Card Designer of the Year.
