**Priscilla Gibson-Roberts : Salish Indian Sweaters** before purchasing it in order to gage whether or not it would be worth my time, and all praised Salish Indian Sweaters:

8 of 8 people found the following review helpful. Salish sweaters, a west coast traditionBy mary the foresterThis book is worth your money. Use it to appreciate a West Coast Tradition and learn about the history of wet weather gear before gore-tex. Should you want to continue and use the book as a knitting reference there are pages and pages of graphed authentic designs. I have incorporated several into toque patterns. I have yet to knit a full sweater but beware the set in sleeve is THE mark of a true Cowichan or Salish sweater. Commercial patterns from the 70's and 80's use a raglan sleeve.2 of 2 people found the following review helpful. Great resource for ideas and advice on making your own Salish Indian style sweater.By Mary CarstensenA great description of the Salish Indian Sweaters. With details on how to spin the wool, how to build the sweater pattern and detailed charts. Can't wait to start on my own sweater.0 of 0 people found the following review helpful. Love it!By Judy LongfeatherThe resource one needs for this information.Absolutely worth the expense. Love it!!
