Sam is one of them. This book blows me away for it's style, technique and subject matter. Imagine, taking a simple fruit motif and turning it into a stand alone work of art. Sam does that, and then he gives us a delightfully complex and realistic, bird and floral piece in brilliant color and challenging design. It's as though he's saying, "come on, you can do this!" And, the next thing I know, I hold a small masterpiece in my hand to be given as a gift next Holiday Season. No wonder he is a past master and so is his book. From simple to complex this book is enticing. It makes my creative juices flow just turning the pages. Sam gets my highest vote.0 of 0 people found the following review helpful. One of the best cross stitch designers of all time!By

kitti m.Sam Hawkins is by far one of my most beloved and favorite cross stitch designers of all time. I have collected every book and design he's ever produced. This book was no let down and has plenty of intricate designs to keep you busy all year long. I especially love the curtains that were made and its a matter of getting enough material to make them myself but wonderful ideas on how to finish the designs in other ways rather than just a picture on the wall.0 of 1 people found the following review helpful. Five StarsBy dolores lambertthank you

With his skill as a cross stitch designer combined with his love of the natural world, Sam Hawkins has created a stunning new collection of designs for the four seasons. A sampler and a selection of smaller designs for spring, summer, autumn and winter, all have comprehensive step-by-step instructions and color charts.

About the AuthorSam Hawkins' imagination and skill as a cross stitch designer continues to delight stitchers the world over. Over the years he has designed in many areas of needlework, but cross stitch is where he finds the most pleasure and fulfilment. Sam's work has featured in many books, pamphlets and kits. Sam Hawkins Celebrates Cross Stitch is also published by David Charles. Sam works from his home in South Carolina, USA.
