The only one that remotely rivals it is Paula Vaughn's Quilt of Every Season book. 0 of 0 people found the following review helpful. Sampler By Tammy Bunge It's in perfect condition and can't wait to start stitching 0 of 0 people found the following review helpful. Five Stars By dac Great shape! Just as good as new!

They're so cute you'll want to stitch them all! Gail Bussi's six holiday samplers will brighten your home year-round with their friendly characters and appealing images. And you don't have to stitch an entire sampler to enjoy these seasonal designs. Individual "segments" of each one can be stitched separately for an endless number of little gifts or items for home decor. For example, you can create a bewitching bookmark with a witch or ghost for Halloween. Or

fashion a candle band with a row of leaves for Thanksgiving. Show your patriotism by wearing a heart-shaped flag pin. Make an angel ornament or a Santa gift tag for Christmas. As you can see, there's no limit to all the fun you'll have while "sampling the seasons!"
