MaroldOne of the most memorable events in my childhood was when someone, I don't remember who, got me a copy of Robert Lewis Stevenson's "A Child's Garden of Verses. I can't say that it made me a lover of poetry, because I recall years when I was actually annoyed when something I had to read, such as Shakespeare's plays, was in verse. I got over that quickly, when I realized the riches which could be found in those iambic pentameters.But Stevenson is not a "great" poet. Coleridge, on the other hand is one of England's greatest poets, perhaps second or third among the five great English romantic poets, including Wordsworth, Shelley, Byron, and Keats. If I had children, this is what I would read to them. It is part of a series, covering several poets in English. Check them out.0 of 0 people found the following review helpful. The impressionistic art helps you jump right into Coleridge's world. We love reading poetry out loud with the children. Last year we read Langston Hughes and Edgar Allen Poe with great results.This book does include selections from The Rime of the Ancient Mariner and Kubla Kahn. It also has an on-page glossary to help the reader. Some of the glossary terms for Kubla Kahn are: chasm, athwart a cedarn cover, momentarily, chaffy grain, meandering, mazy motion, tumult, Abyssinian...Here is a full list of the poems included (mostly excerpted) in this beautiful book:Answer to a Child's QuestionSongs of the PixiesFrost at MidnightThis Lime-Tree Bower My
