Dreaming of summerBy ReaderinDCSimple instructions. Uncomplicated projects. Great for beginners or anyone who loves the beach. The pictures are great. It uses both color and symbols for the charts. The layout is a little funky, but not unmanageable. Just browsing through this in the middle of winter improves my mood.0 of 0 people found the following review helpful. Great sea and shore designs!By Kathryn E DavisLove every one of the designs! Was exactly what I was wanted in cross stitch! Designs are easy but look nice. Only thing I don't like is color coding of the floss...coding colors are just a

shade apart.

Features over 50 cross stitch patterns, accompanied by practical full-colour charts. Projects vary from classic samplers, pictures and alphabet designs to bags, cushions, hanging signs, pencil cases and notebook covers. Includes popular seaside motifs, such as flags, boats, beach huts, lighthouses, shells and fish. Many of the projects also feature fun phrases and alphabets.
