It has old ideas but still useful for the artist in embroidery ribbon art. I believe the skill is returning and I have a good beginning.2 of 2 people found the following review helpful. LOVELY BOOKBy woodsymomFantastic Have hardly put it down. It is a beautiful book. Need more like it. Have been trying ideas already.0 of 0 people found the following review helpful. Try This!By APRIL T.Great!

Author Lesley Turpin-Delport combines satin and silk ribbon embroidery in this book as they are complimentary to one another. The individual techniques are handled in separate chapters. The author encourages using different media and experimenting with techniques and basic stitches using a wide range of ribbons such as silk, rayon, satin or velvet.
