**Carri Hammett : Scarves and Shawls for Yarn Lovers: Knitting with Simple Patterns and Amazing Yarns**

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Scarves and Shawls for Yarn Lovers: Knitting with Simple Patterns and Amazing Yarns:

0 of 0 people found the following review helpful. Great basic book for those who love special yarns By Kindle Customer This book has easy to understand directions and fun projects that showcase your fancy yarn stash. I've only been knitting for six weeks and I can do any of the projects in this book! The author gives variations for each project and shows you how to test the stitches in a basic yarn so you don't sacrifice the good stuff while you learn. The only

reason it gets 4 instead of 5 stars is that a couple of the directions leave out a picture that I would have found helpful (I had to re-read the written directions for it several times). Overall I highly recommend this book.0 of 0 people found the following review helpful. Book on unique scarves with unique yarnsBy T. GodshallVery interesting yarns to use in these scarves, exactly what I was looking for but didn't realize this book had that in it!!!! Very pleased and would highly recommend.0 of 0 people found the following review helpful. I found this is to a great book for a beginner or novice knitterBy PamI've only been knitting for a couple of years and still consider myself a novice. I found this is to a great book for a beginner or novice knitter. It might not be challenging enough for an intermediate or experienced knitter. I love the look of the scarves and shawls that are featured in this book but will definitely be looking for substitutes for most of the yarn. I wouldn't be willing to pay \$30-\$60 for a skein of yarn as inexperienced as I am. After I've mastered some of the techniques, that would be fine and I will probably give some of the more expensive yarns a try.

The knitting trend is being fueled by wonderful new yarns like ribbon, frizzy, eyelash, and metallic. This books presents easy knit patterns that make the most of these irresistible novelty and decorative yarns. Knitters will learn the secrets of combining colors and textures while creating stunning accessories in no time. Each project has variations showing how different yarns will totally change the look. The easy knit stitches and techniques are taught step by step with photographs. Throughout, a yarn expert shares her tips to make knitting more enjoyable and successful. It is for both beginning knitters, who usually start with scarves and will love this way to take their craft to the next level, and experienced knitters, who are all yarn addicts!

About the AuthorCarri Hammett is the original owner of Coldwater Collaborative, a gem of a yarn shop in Excelsior, Minnesota. Carri loves to collaborate with both her customers and her readers as together they express their love of knitting and expand their knitting knowledge and skill. She is the author of four books for CPi: Mittens and Hats for Yarn Lovers; Scarves and Shawls for Yarn Lovers; Ready, Set, Knit Cables; and Knitting 101.
