Renate Fernau : Schwalm Whitework: The Exquisite Regional Embroidery of Germany before purchasing it in order to gage whether or not it would be worth my time, and all praised Schwalm Whitework: The Exquisite Regional Embroidery of Germany:

2 of 2 people found the following review helpful. The book's content was great; howeverBy Jon N. AustinThe book's content was great; however, when I began to look through it, there was a publisher's error in that certain pages were missing but had been replaced by pages that were duplicates of others. This was a printer's error and not the fault of the author or the seller.5 of 5 people found the following review helpful. ExcellentBy Elizabeth MeakinThis is a first class guide to Schwalm embroidery. It covers all aspects in enough detail for most embroiderers to follow easily. The designs are just lovely and there are lots of them.

If you love whitework you absolutely must have this book! This little-known variety includes special openwork areas that alone are worth owning the book.
