National Academy of Sciences. National Research Council : Scientific Aspects of Pest Control: a Symposium Arranged and Conducted By the National Academy of Sciences National Research Council at Washington, D.C. February 1-3, 1966 (Publication 1402) before purchasing it in order to gage whether or not it would be worth my time, and all praised Scientific Aspects of Pest Control: a Symposium Arranged and Conducted By the National Academy of Sciences National Research Council at Washington, D.C. February 1-3, 1966 (Publication 1402):

Proceedings volume from 1966, with chapters by various authorities concerning advances, problems, and research in pest control, including plant diseases, weed control, vertebrates, IPM, degradation of pesticides in plants, animals and the environment; the role of the FDA, registration processes, human welfare issues and new horizons.
