I recommend this book, it was just what I was looking for.4 of 4 people found the following review helpful. Too OutdatedBy Patti Mthis is a tiny little paperback in black and white. the styles are very old and not for current times. I would not recommend this unless as the one picture shows you want to take a large scarf, tie it around your chest, then bring it down and pull it through your legs and pull the ends forward to make a strange looking style summer outfit. SO very OUTdated. thank goodness I only bought one. it has a few scarf ties for your neck, body wraps and other designs. If you are looking for current trends this is NOT the book to get.0 of 0 people found the following review helpful. One StarBy MCVery old edition, from the 1980s
