Instead of whipping up a new purse how about a handy tote large enough to carry a dinner party's worth of goodies? And speaking of food and kitchens, a pretty apron is a great place to showcase that new fabric and a clever set of place mats can brighten up your kitchen or dining room or make a wonderful hostess gift Does your sewing space need a lift? How about a new sewing machine cover and a sweet pin cushion? Or do you know someone who knits, then a knitting needle case might be perfect 48 pages in a soft cover | File size: 20.Mb

Ethan BI made the knitting organizer case. The fabric requirements for at least one of the pieces was way off (by 1/2 yard). I noticed it before buying, so didn't end up with tons of extra fabric. Maybe it was a typo, but I was surprised at this oversight. In addition, the directions were not very clear and did require some previous sewing knowledge between steps. This is the only thing I've made from this book so far. 0 of 0 people found the following review helpful. Looks like a great book to have for my sewing "library" By RR Looks like a great book to have for my sewing "library". I haven't made any of the items yet, but plan to in the near future....possibly for Christmas gifts. Thanks! 1 of 2 people found the following review helpful. Sew Practical By Sandy S. There are fun patterns for all included in this pamphlet. I liked the aprons the best but that is just me...the patchwork squares apron especially. It has a really cute pocket with lace on it. Also...the instructions are clear with many photo's included. All in all it has patterns that work well for yourself or for gifts.
