By Mary Lou Hughes From the cover piece

to the finger puppets, brooches, barnyard play mat, and everything in between this book is a delight. Wonderful general sewing and transferring instructions at the beginning of the book and each project is labeled with a skill level. But nothing here appears too difficult. I've already got a few of these marked to do. You will love this book! 0 of 0 people found the following review helpful. Five Stars By Betty F. Fun!
