Sharon Czachor : Sewing with Knits and Stretch Fabrics: Bundle Book + Studio Access Card before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sewing with Knits and Stretch Fabrics: Bundle Book + Studio Access Card:

6 of 6 people found the following review helpful. Highly recommend this book for anyone trying to familiarize themselves with ...By Customer Highly recommend this book for anyone trying to familiarize themselves with knits. I mainly have experience with wovens so this was a nice overview of how to approach knits/cut and sew fabric. 1 of 1 people found the following review helpful. I will enjoy using this book for many By Wyldr Sidh covers the topics very well, I will enjoy using this book for many projects

With over 500 step-by-step color photos and instructions in a user-friendly format, Sewing with Knits and Stretch

Fabrics is a professional guide to sewing with common knits and stretch fabrics such as jersey and spandex. Czachor explains the basics of working with knit fabrics and stretch woven fabrics, and how the stretch ratio impacts the design. The book covers industry methods for knit garment construction, including coverage of collars, facings, closures, bands and hems, waistline finishes, and pockets within respective chapters on t-shirts, tops and sweaters, dresses, skirts and pants, jackets, activewear, swimwear, and lingerie. The final chapter covers specialty techniques such as finishing details, embellishments, felting, and fabric manipulation. Sewing with Knits and Stretch Fabrics provides all the tools to professionally complete the garments and advance the designer's skill and understanding of the unique properties of knits and stretch wovens. Features - Covers industrial and home sewing machines, overlock machines, and coverstitch machines, plus supplies, needles and threads used to construct knit garments- Learning objectives, Sewing Tip and Important boxes, key terms, sample exercises at different levels of complexity, review questions, and designer profiles in each chapter- Includes a Fabric Form template and Sample Checklist to help readers develop their own resource book of sample techniques, swatches of knit, stretch, and stretch woven fabrics Introducing Sewing with Knits and Stretch Fabrics STUDIO--an online tool for more effective study!- Study smarter with self-quizzes featuring scored results and personalized study tips- Review concepts with flashcards of terms and definitions - Access downloadable files for the patterns used to create the sewing samples throughout the text, the Fabric Form template, and the Sample Checklist This bundle includes Sewing with Knits and Stretch Fabrics and Sewing with Knits and Stretch Fabrics STUDIO Access Card.

Overall, this is a good and thorough reference for learning about knits, which are becoming more popular, both in the home and industry markets. Students will benefit greatly from learning the material in this text. It is a great reference for instructors who teach any type of clothing construction or design courses. International Academy of Design Technology-Orlando, US The author demonstrates classroom teaching experience with today's design student. Mesa Community College, US This is very good. The contents are clear and the use of designer profiles is excellent. Manchester Metropolitan University, UK The time, energy and detail the author has put into this book is visible, and in my opinion has paid off. The need for this book is strong and any program that is sewing with knits of any kind should use this book. Baylor University About the Author Sharon Czachor is an adjunct instructor in the fashion department of Harper College in Illinois, USA, and has also taught at the College of DuPage, Illinois, US.
