1 of 1 people found the following review helpful. Some really good designs. By Julie Haigh My dad actually got this from the library for me as I am very interested in cross-stitch but it was so good... I HAD TO GO OUT AND BUY MY OWN COPY! Every year, mass-produced cards are sent out in their millions, either to celebrate a special event or simply as a sign of affection. While commercially produced cards are often discarded, hand-made designs carry a personal message that can be treasured for years to come. This volume satisfies the demand for attractive cards by showing the reader how to produce a vast range of exclusive designs. More than 80 cards are featured, covering every season and occasion: all are simple to make and take very little time.
