There are multiple of pictures to color in this book so regardless what your mood is you can find something to color and enjoy. Most of all, I like the fact that there are two copies of each picture. Why not color one and save the other for later! Better yet, have a coloring contest with a friend and see who colors the picture better. I love this book! The pictures are gorgeous. There are more pages than I anticipated. It's just what I was hoping it would be. I'm planning on purchasing more of these books. The artist designs are out of this world. The overall theme of this coloring book revolves around tea time.5 of 5 people found the following review helpful.
