Joan Gordon : Silk Ribbon Embroidery Bible: The Essential Illustrated Reference to Designs and Techniques before purchasing it in order to gage whether or not it would be worth my time, and all praised Silk Ribbon Embroidery Bible: The Essential Illustrated Reference to Designs and Techniques:

1 of 1 people found the following review helpful. Required reference for fiber Art, Quilting and general embroideryBy mbondsartI have wanted this book for several years. it is an amazing compendium of ribbon technique with exceptionally clear graphics and description. highly recommended.1 of 1 people found the following review helpful.

Not only a great book, but convenient to use because of its smaller size and spiral binding. By Kathy G Just love this book because the instructions are very clearly illustrated and in color. It lays flat because it is a high quality spiral bound book. It's a smaller size and fits in my sewing box very nicely. 3 of 3 people found the following review helpful.

Disappointed - ugly flowers
By Mommy2twins
I am new to ribbon embroidery. However, I was disappointed by the embroidered flowers in this book. They are just not attractive. I happened to find a great forum with completed projects, some done by the beginners, and after seeing that I just cannot keep this book. Unfortunately, would not allow links in the review. I will try to attach the link to a comment, hopefully it will not be removed. If I had an opportunity to look inside this book, I would have never bought it. Embroidered examples in this book are sloppy, I do not even want to attempt these to get such results. I rarely return books, but this one is going back.

Gorgeous silk ribbon designs, from the simplest single rose to the sweetest spring posy, can be easily created with this unique new guide. With more than 100 ribbon designs using 50 different stitches, this collection offers much more than any other guide available. Featuring easy-to-follow, step-by-step instructions, as well as charts and embroidered samples, even novice embroiderers can easily create each beautiful design. A simple key explains the order of work, and each design offers plenty of ideas for how and where to apply it. The book also features a hidden spiral binding for easy-lay-flat use. -Offers 100 ribbon designs using 50 simple stitches -Each design features step-by-step instructions, charts and embroidered samples -Features a spiral binding for lay-flat use
