Nancy Bednar : Silk Ribbon Machine Embroidery (Great Sewing Projects Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Silk Ribbon Machine Embroidery (Great Sewing Projects Series):

0 of 0 people found the following review helpful. Five StarsBy Claudia Pieroti HallThis book has many great ideas.23 of 24 people found the following review helpful. This book is really beautiful! Easy for the beginner.By A CustomerThis book is easier to follow than other books on silk ribbon embroidery by machine. The drawings are clear and the projects are nice. I enjoyed using the silk ribbon on the bobbin for reverse work - and it's not hard! Pretty photos help a lot.

For the first time, a book shows how to translate hand techniques to your machine. Now you can add elegance, mystery and romance, in a fraction of the time, to a wide variety of objects. Among the projects: photo albums,

sachets, hats, handbags, and a whole host of others. 144 pages (all in color), 8 1/2
