Kathie Seaverns : Simply Beautiful Rubber Stamping (Simply Beautiful Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Simply Beautiful Rubber Stamping (Simply Beautiful Series):

6 of 6 people found the following review helpful. A wonderful book for the rubber stamping card makerBy catladyI am very happy with this book. It has beautiful card making ideas with complete instructions for their completion. It also has instructions for making a variety of gifts that use rubber stamps. I think the book is best for the card maker who likes to collect rubber stamps because every card requires at least one stamp. The book is a pleasure to look at with its colorful photos. I wish I had time to make every card in it. I recommend the book highly!13 of 13 people found the following review helpful. Better Than ExpectedBy M. WelbornI recently ordered this book and was very pleased with the content. Enjoyed the initial section of the book, although I probably knew most of it. Still, it is a great general refresher about rubber stamping. I appreciated the clear, concise directions and photos of the various card

projects. Recommend this book to beginners and intermediate stampers alike.4 of 4 people found the following review helpful. I love the book!By Joan HowardThe book was perfect, the price was unbelievably low and the book arrived within the time frame or before that was promised!The book presented some instructions for making greeting cards that I had never seen before. I love it!

Create beautiful cards and gifts with rubber stamps!Whether you're new to rubber stamping or an experienced paper crafter, the 50 projects in *Simply Beautiful Rubber Stamping* offer easy step-by-step solutions to any gift-giving need.
