I discovered some nice ideas for very fancy earrings, although I would have preferred more new necklace ideas. Those shown were quite pretty, though. The necklace on the cover is simple, but it is almost exactly like a few necklaces I have already made. I expected more new ideas built upon the nice taste level of the cover necklace. I'm glad I have the book in my library, because of the earring ideas and the few new ideas I found in the book.0 of 0 people found the following review helpful. Wow!!!
