Customer Nothing complicated here, just simple critters and simple instructions. Good for beginners and those favoring hand stitching. All patterns are included and easily copied. Cute, fun illustrations. Love it, would purchase again and recommend to friends.

If you love the look of traditional handmade softies, then you'll adore the gentle quiriness of this collection from the popular online sewing site Bustle Sew. Inside you'll discover a round dozen patterns, ranging from Brave Aviator Mice and Flying Pigs to Sidney the terrier and the most delightful baby giraffe.. oh and there are hens, mice and hedgehogs too! All patterns are fully illustrated with plenty of photographs and there's a whole section of nice clear templates. The patterns are all graded according to how easy they are to make - there's something suitable for all

ability levels. Note: these patterns have all previously appeared in the Bustle Sew Magazine - available as an e-mag from the Bustle Sew website. www.bustleandsew.com
