From Brand: Cy DeCosse : Singer Sewing Reference Library: Sewing Pants That Fit before purchasing it in order to gage whether or not it would be worth my time, and all praised Singer Sewing Reference Library: Sewing Pants That Fit:

3 of 3 people found the following review helpful. Great resource! Love it!By BrittericaThis is a great reference for fitting pants. I love that they have photos of the different issues to help you correctly diagnose what is wrong. It also has photos and great descriptions of the different steps for each pattern alteration. The book also covers fabric selection, Pants construction and how to change designs for different styles. I love this book and would recommend it!1 of 1 people found the following review helpful. very basicBy Laura Bvery, very basic, not imaginative or particularly helpful. This will sit on the shelf--unlike "Pants for Any Body" (which was clearly written in the 70's and uses illustrations instead of photos but is VERY, VERY helpful. It is small, "just the facts ma'am." No extra junk to fill pages, just what you need to alter pants patterns to fit!!! and Pants for Any Body is old enough to be really inexpensive.)0 of 0 people found the following review helpful. InformativeBy KSTGreat book with lots of information specific to the topic. I have several of these Singer reference books and I like all of them.
