**Fran Tristram : Single Firing: The Pros and Cons (Ceramics Handbooks)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Single Firing: The Pros and Cons (Ceramics Handbooks):

Ceramics Handbooks" are a series of practical guides for working potters, students and teachers. Today, most ceramic courses recommend the multiple firing of pieces. However, this was not always the case and this book explains how this change came about. It also discusses the pros and cons of using single firing and dispels many of the myths that

have arisen about it."
