A great addition to any coloring book collectionBy OpforsoldierSo far I have to say that the majority of the coloring books we have purchased from Dover publishing have been wonderful. This one is no different. If you are an adult who likes to relax with crayons and coloring books then this is one book you should add. While it is religious themed in nature, you need not be religious to be able to enjoy working on this book. A great way to climb inside the mind of one of the great art Masters in human history. I would suggest however, like with most of the Dover collection of coloring books, you use quality colored pencils and not crayons. Pastel's work well in some places as well.1 of 1 people found the following review helpful. Not Worthy Of Its

SubjectBy thirdtwinSome what crude renderings and thin paper not sure if you'll like it more or less if you're a Michaelangelo fan because of the way the 'rendering' of his work looks here. having seen some of his real work-coloring in this quality of reproduction dampened some of the fun of it for me- I couldn't help comparing one to the other as I colored; as I said- crude renderings of the masters work- while many other coloring books are quite detailed.5 of 5 people found the following review helpful. Too cool!By S. AlbertsMy husband exclaimed that he might actually begin coloring if he had a coloring book like this. He is getting it for his birthday.In the back pages is has color pictures of the line drawings that are about the size of a 4x6 print.

Alive with color and emotions, the Sistine Chapel in Vatican City is more than a jewel box for lovers of fine art. It is also the pope's private chapel and the room where cardinals from around the world meet to elect new popes.Among the celebrated treasures painted high on its vaulted ceilings are two of the world's most famous frescoes Genesis and The Last Judgement. These magnificent works of art, along with other masterpieces by Michelangelo, are featured in this beautiful coloring book. Adapted by Eric Gottesman, 30 ready-to-color illustrations show details from such works as The Flood, Adam and Eve in Paradise, Noah's Sacrifice, The Prophet Jonah, and David and Goliath. Identifying captions accompany each illustration.
