The pages are big enough for all small and medium sized gifts. It's very thick, high quality paper. This isn't for any run of the mill White Elephant gift wrapping. The size might also be an issue for some, although nice paper like this probably isn't what you want to wrap a toaster.

PEPIN gift and creative paper books all contain 4 pages of introduction and 12 large sheets of very high-quality wrapping paper. They can easily be removed from the books by tearing them along a perforated line. The wrapping papers are folded to fit into
