Tamara van Wijk : Slinky Tart: Something Old...Something New (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Slinky Tart: Something Old...Something New (Volume 2):

26 of 26 people found the following review helpful. This coloring book is exactly what I've been looking for! Fun without being too Naughty!By Asuna[[VIDEOID:bbc099a8d2bde7c62709b608db84415f]] I LOVE this coloring book! Most books out there are great but not... Naughty enough. This is fun without being TOO much. The drawings are very fun, and really well drawn. Each picture is one sided, so you don't have to worry too much about bleeding! Highly recommended! The included video is quick, just to show you the drawings included.2 of 2 people found the following review helpful. Perfect!!By syllewonI'm so excited about this coloring book!! I'm not into the intricate details in most adult coloring books so this is perfect! Just naughty enough without being obscene. There's enough detail in each page to make it fun and not feel like a 2 year old's coloring book, but it's perfectly simple at the same

time. There's a review with a video showing every page, worth checking out! Each page is one sided so no bleed through. Well done Slinky Tart!! I hope you make more just like this!0 of 0 people found the following review helpful. Bringing back Sexy!By LeAnnWowza! Can these ladies get any sexier? A beautiful collection from a great artist! She's not only bringing back Sexy for women but beautiful art that is so FUN to color. The book has 30 pages all are printed on 1 side of the paper. The paper is somewhat thin so if your going to use markers or pens that bleed I suggest putting some paper between the pages this I say about ALL books just for a protective measure. Another reason I absolutely love this book because it's not so busy I find it to be fun...just a fun relaxing book to color. I can't wait for the artists next book to come out!

Slinky Tart from over the last 3 years. Cute, fun and sexy coloring pages for hours of coloring fun. 29 Single sided coloring pages for easy coloring. You're allowed to photocopy on different paper for your preferred coloring medium, so you can color your favorites over and over.
