Brenda Keyes : Small Scale Embroidery (Crafts) before purchasing it in order to gage whether or not it would be worth my time, and all praised Small Scale Embroidery (Crafts):

7 of 7 people found the following review helpful. Do Not Buy Both Books.By A. Pfeffer While this is a LOVELY book and I enjoyed it thoroughly, I was very disappointed to find that it is the EXACT SAME BOOK as "Exquisite Miniatures: In Cross Stitch and Other..." No updates, no new material, even the dedication is the same. I now view this publisher with suspicion. By all means, buy one or the other but unless you are giving one away, there is no need to buy both.

With designs that range from the modernist Yellow Birds to the Celtic-inspired Mythical Bird, and from traditional

samplers to a jewel-like panel based on medieval stained glass, there are styles and subjects to suit every taste. And because these projects are small scale, they are perfect for trying out new techniques. Most of the charted designs are worked as framed pictures and, because presentation of these exquisite miniatures is so important, great attention is paid to finishing and framing. All the designs are extremely versatile and there are ideas for adapting each project into a range of delightful gifts, including cards, pin cushions, pot lids, wall hangings, and bed linen borders.

'A beautifully produced book with wide appeal.' - Needlecraft 'Another winner' - Beautiful Stitches
