Mary Rhodes : Small Woven Tapestries before purchasing it in order to gage whether or not it would be worth my time, and all praised Small Woven Tapestries:

0 of 0 people found the following review helpful. Five StarsBy Hava WeissBook excelent.3 of 3 people found the following review helpful. do not like photos in black n whiteBy yvette.littleSorry....do not like photos in black n white. Cannot see it well n will be returning.6 of 7 people found the following review helpful. Interesting addition to a tapestry weaving libraryBy Susan Z. DouglasAlthough this was published in 1973, I did not find the 70s vibe too overpowering. As a novice tapestry weaver soaking up all I can on the subject, I found that this book contains some useful information not available in the more contemporary and glitzy Kirsten Glasbrook book. While it may not answer every question, it's worth its shelf space.

A guide to tapestry weaving, this text begins with an historical introduction to the craft. This is followed by technical sections on the design, texture, colour, materials, and mounting and finishing work. With practical advice and instruction, this book is intended for the beginner.
