Jordana Tusman : Snowflake Origami: They Sparkle! (Miniature Editions) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Snowflake Origami: They Sparkle! (Miniature Editions):

0 of 0 people found the following review helpful. Complete and utter ripoff. By Patricia Total ripoff. Do not buy. Item is TINY. Book is 2-5/8x3 and contains instructions for 1 origami snowflake. Then there are a few tiny drawings that you can attempt to replicate to cut kirigami snowflakes. Papers are tiny and not pretty -- 14 sheets approx 5-5/8 square but they've been folded in quarters so they are heavily creased, plus 10 sheets of paper 2-1/2 square. Hated to even give 1 star. 2 of 2 people found the following review helpful. Some Difficulty By JBell I have only completed 1 design (p. 15 Origami Snowflake) I didn't particularly like the result. I finally got some dental tools at the flea market to work with these small paper projects. I think the Kirigami designs will look better. 5 of 5 people found the following review helpful. Origami Kit-By Anne C. Vilaire I found this on sale for \$1.80 on , otherwise I would have felt ripped off. The scissors included were bent and would not cut through the paper although it said to use these particular scissors for the projects. The colored paper was pretty but since it was pre-folded, the snowflakes do not lay flat. There were also very few templates to replicate. I have made some nice snowflakes from this kit, but I made up my own designs.

Step-by-step instructions to create a variety of wintry snowflakes.

About the Author Jordana Tusman is the author of the kits Teeny-Tiny Turntable, Desktop Skee-Ball, Jingle Bling, Big Bad-Ass Beer Pong, and Big Bad-Ass Drinking Games. She lives in Pennsylvania.
