before purchasing it in order to gage whether or not it would be worth my time, and all praised Soldiers Manual MOS 11B: Infantry, Skill Levels 2-4, August 2004:

This publication is for Skill Levels 2 through 4 soldiers holding the military occupational specialty 11B. It contains standardized training objectives in the form of task summaries, to train critical tasks that support unit missions during wartime. All soldiers holding MOS 11B should have access to this publication. This manual applies to both Active and

Reserve Component soldiers. The proponent of this publication is the United States Army Infantry School.
