Don Linn : Sophisticated Stitches: Designs for Quilting, Applique, Sashiko Embroidery before purchasing it in order to gage whether or not it would be worth my time, and all praised Sophisticated Stitches: Designs for Quilting, Applique, Sashiko Embroidery:

2 of 2 people found the following review helpful. Really beautiful, useful designsBy CustomerMost quilters I know are afraid to try designs like these, but if they would just try, they would find them much easier than they think, and the result would be that other people, still afraid to try, would be so impressed! This would potentially lead to ribbons, fame, and fortune (well, maybe not all of those, unless you really wanted them). If you want to be a good quilter, owning several books on quilting is pretty much a prerequisite. You need lots of designs so you can pick an appropriate one for any quilt you make. The designs are not the only good things about this book. The instructions are also a big part of what helps to make stitching these designs easier. These are not the designs for quilts that will not be

cherished. These are designs for your best quilts.0 of 0 people found the following review helpful. Five StarsBy B. LEBLANC
Very good book..wonderful..0 of 0 people found the following review helpful. Five StarsBy darlene
There are many nice patterns in and you can do many designs with them.Thank you

Book of quilting designs for hand and machine applique in three categories: art deco, flora, and japanese crests, plus more!

From the Inside FlapThis book is a guide for how to machine quilt complex designs. Hand quilters will find that these designs can easily be used for their style of quilting. The guidelines given will help to plot a stitching route for any other designs you may come across or design yourself. These beautiful designs are also suitable for applique and embroidery. Tips are also provided on how to transfer designs to the fabric surface to be stitched. A gallery of designs with suggested quilting routes are provided in the last chapter.
From the Back CoverTake a simple quilt and make it spectacular with 66 art deco motifs, flowers, and Japanese crests Use for hand or machine quilting, applique, and embroidery Show off your stitching or applique in individual blocks, medallions, and open spaces Enlarge or reduce the designs to fit any space
About the AuthorDon Linn is an award-winning professional machine quilter fondly known as Mr. Quilt
