My only complaint is that the patterns are all what i call a 9 repeat box. the same design is repeated in a 3 x 3 grid. There are other ways for doing repeating designs. I would love to see some repeating designs in wide and narrow stripes or different count grids 4 x4 or 2x6 would work.1 of 1 people found the following review helpful. I only color Angie Grace books!!By Knit-shop-repeatSpiffy is a fun book full of detailed designs. It is amazing how the small details come to life when coloring one of these designs. This book and the others in the collection let your imagination run wild with fun colors and patterns. Spiffy is a repeating square pattern book with lovely designs.7 of 7 people found the following review helpful. great designsBy tjmbI am enjoying this book alot. The only downside to it is that the pages aren't perforated so that they can be removed to make coloring easier.

Pattern artist Angie Grace brings you 50 more fabulous original coloring designs suitable for adults and older children. In this volume you'll find a whimsical collection of doodletastic geometric patterns that twist, turn, wiggle and weave - featuring mesmerizing motifs and spectacularly spiffy swirly symmetry! Artwork is printed on one side of the page only and has been drawn with marker artists and colored pencil fans in mind. (Crayon artists, keep your sharpener handy!)
