1 of 1 people found the following review helpful. Very nice animal totems to color and learn about. By Marie E Higgins This book hadn't been reviewed when I took a chance and ordered it. I'm really glad I ordered it. When I received it I leafed through it and it is just what I was looking for. Now I need to start coloring and meditating with it. It is very informative too with definitions of the meaning of the animal totems!! 1 of 1 people found the following review helpful. Must buy! By Customer Beautiful, inspiring designs to color your mind while you color the pages. I havent colored the pages yet traditionally but i did merge some with some of my photography.
