Tons of funBy Chris FigMy sister gave my daughter a knitting nancy and my daughter was having fun with it but we had no projects. This book solved that problem. We have made several bracelets together and they are really cute. They have been fun for both of us to make. My 9 year old daughter has made some and I have for myself, too. They instructions are clear and easy and the pictures are a great help - shows you exactly how everything is done. This was worth the purchase.8 of 8 people found the following review helpful. Great DealBy The HistorianMy daughter and I love this book. The instructions are very easy to follow, and the pictures in the book are great. The projects are easy and fun, and the resulting jewelry is very nice looking. There are enough beads and string to do lots of projects. The kit includes everything you will need to do the projects, except scissors. This book would be great for a younger child or a teenager.
