Knife experts provide articles and reviewsBy Midwest Book ReviewFrom folding knives and pocket knives to military knives and knives which are small swords, this newly updated and expanded edition of 2003 Sporting Knives provides a clear guide to knives for outdoor enthusiasts who use sporting knives. Knife experts provide articles and reviews of the newest and most useful commercial sporting knives on the market, while catalogs of prices and sources add to the details on their use. An indispensable guide for not only collectors, but outdoorsmen.0 of 0 people found the following review helpful. Impressive.By Anne F.An extremely detailed guide to the latest knives. Thousands of photos are scattered throught the book. The book is

devided into several sections, including one with articles on general knife topics, listings of all of the best knives of specific class, and company by company guide. Any knife enthusiast's dream.

The best and latest the commercial knife industry has to offer is on display in large, clear photos, with more than 300 factory-made sporting knives arranged alphabetically according to manufacturer. Each listing contains retail prices, knife specifications, features, styles, appropriate sheaths, handle components, and collaborating custom knifemakers. Covers folding, tactical, pocket, fixed, multi-tool, semi-custom, and fantasy knives from more than 60 companies such as Kershaw, Browning, Buck, Case, Columbia River, Knife Tool Co. and Spyderco. This second edition presents all new feature articles and reports from the field from well-known knife authors and experts. Outdoors enthusiasts and knife collectors will enjoy the editorial stories on knife trends, the latest blade materials, and the newest commercial knife designs. An updated reference directory contains contact information for manufacturers of knifemaking supplies, providers of knife services, purchasing via mail order, organizations, and publications.
