Just okay bookBy ElisabetMy 4 year old son loves 'spot the difference' puzzles but this is not his favorite. He can find differences but I think the pictures are not really interesting and it would be better for older kids. I have attached photo of few puzzles.There is only 23 puzzles with solutions and the size of the book is 9" x 11".

A child would appreciate a spot the difference puzzle book because it offers a challenge and source of entertainment. This puzzle book would benefit a child because it gives a kid the opportunity to practice paying attention to detail. A

feeling of satisfactory and victory is accomplished when the child spots the differences. Brain engagement and educational skills can be gained from this puzzle book. It's a great book for both enjoyment and educational purposes.
