### **John Lohman, Rhys Turton : Star Wars: Cross Stitch Kit: 12 Iconic Patterns from a Galaxy Far, Far Away**

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Star Wars: Cross Stitch Kit: 12 Iconic Patterns from a Galaxy Far, Far Away:

0 of 2 people found the following review helpful. Five Stars By Jacqueline D. Julian All Is Awesome, Thank You!! 6 of 6 people found the following review helpful. Inaccurate description By CHRISTINA The description for this product is inaccurate. It does not come with a hoop, correct number of embroidery floss, "pack" of needles, iron on transfer patterns, or a hoop. It comes with a book of patterns, 1 needle, and 6 embroidery flosses. I'm disappointed in the description as I now have to go out and obtain additional products. This isn't a good "kit" for beginners. 7 of 8 people found the following review helpful. Deceiving description. By Customer Just received my copy of the kit and I was really excited to give cross stitch a try given the description said it includes 10 skeins, iron on patterns, set of needles, and the hoops needed. But when I received the kit it contained the book with patterns, not perforated to iron on, just patterns, 7 skeins, no hoop, and one needle. I'm not super upset, more so disappointed that it didn't come with everything it says it supposed to and as a beginner it would've been nice to have everything all ready to start. The book seems easy enough to follow though even without the iron-on patterns.

Bring a touch of the Force to your crafting with Star Wars Cross Stitch. Frame a memorable quote, embellish clothing

with the logo, or add your favorite character to a throw pillow-get creative with patterns inspired by A New Hope to The Force Awakens. Whether you're a beginner Padawan stitcher or a Jedi Master, you're sure to find a pattern that fits your skills. This kit contains an easy-to-follow instruction book along with materials to make two projects-the Star Wars logo and a portrait of Yoda.
