Elizabeth Dabczynski-Bean : Stitch People Farm Animals Staple-bound November 1, 2015 before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Stitch People Farm Animals Staple-bound November 1, 2015*:

The second *Stitch People* book is here! This book is full of fun animals to spice up your cross-stitch projects! Includes original *Stitch People* patterns for turkeys, roosters, chickens, geese, ducks, ducklings, chicks, guinea pigs, rabbits, mice, donkeys, buffalos, horses, sheep, cows, steers, pigs, goats, and llamas! I also designed patterns for bees, bee keeper outfits, sunflowers, barns, clouds, corn stalks, wood fences, grass, bales of hay, shovels, pitchforks, red wagons, flower vases, farmer outfits, and even a new alphabet style! I've also included a few pages of inspiration, with some suggestions for fun projects.
