Mariko Nakamura : Stitch, Wear, Play: 20 Charming Patterns for Boys Girls before purchasing it in order to gage whether or not it would be worth my time, and all praised Stitch, Wear, Play: 20 Charming Patterns for Boys Girls:

0 of 0 people found the following review helpful. Some cute pieces but the others from this publisher (Tuttle) are betterBy PenguinHas a few good designs but many are just so-so.The fit seems to be a little off, some are good and other too loose. Really good instructions for cut out and construction and a few ideas for embellishments. I am really fond of the Japanese pattern books that have been republished in English and had higher hopes,0 of 0 people found the following review helpful. Very nice patterns to work withBy Island GirlOutstanding clothing!! Very nice patterns to work with.0 of 0 people found the following review helpful. BeautifulBy _cranewife_Beautiful book with wonderful

patterns. Easy to follow instructions - highly recommend.

Stylish, yet practical sewing patterns for playful young ones. Hop, skip and jump your way through over 20 practical and stylish clothing designs for children ages 3-8. This year-round collection was designed with active boys and girls in mind, and includes shirts, dresses, skirts, pants, jackets and charming accessories. The cuts are classic and the fabrics are kid-friendly cotton, linen, knits, and fleece. Delicate details and impeccable finishing complete the look, making all sewing projects look like they were purchased from a trendy boutique. Despite the polished look, every garment has detailed and fully illustrated instructions, and requires only basic sewing skills. Special sewing techniques have been stepped out to show how to successfully achieve beautiful results, such as binding an armhole, making box pleats, gathering techniques, and making patch pockets. These clothing designs are timeless, functional, easy-to-sew, and kids will love wearing them as much as mom loves making them!

"If I were a hip and doting grandmother I would be making all these adorable tiny things in those really expensive Japanese cottons." --Dress a Day
"Stitch Wear Play is a great Japanese clothing sewing book that features 20 designs just for children. Designer and author Mariko Nakamura continues in the Japanese tradition of designing clean and uncomplicated clothes for everyday wear. The book is straightforward and a good choice for any sewist who is looking to make simple, no-fuss clothing for the youngest members of the family... Her designs are loose and comfortable--these fashions go from classroom to playground to summer camp with ease!" --Pattern
