WhiteThe braided hairstyles in this beautiful book really are stunning, as the title says. Author Monae Everett makes it easy to follow her step-by-step instructions with beautiful photos and clear directions. By Leigh Beautiful braids and how to create them step-by-step in the book. I really like the illustrations and how the braids are broken down for each step. I can do basic braiding, french and plating, but need more variety for summertime with longer, thick hair. It takes a while to practice on my own but extra mirrors help. It's worth it to learn a beautiful style that is flattering. I received several compliments for my first style and look forward to trying the rest. I have thick, coarse hair. Some styles are more suited for that and look "bohemian" but others are more suited for flat ironed or straight, shiny hair. I usually get a blow-out or "keratin treatment" a few times a year, making it easy for me to wear my hair either way. It will help so I am not limited in using this book. 0 of 0 people found the following review helpful. Great seller! Item as described By Customer Great seller! Item as described!
