Melissa Mora : Sundressing: Sew 21 Easy, Breezy Dresses for Women and Girls before purchasing it in order to gage whether or not it would be worth my time, and all praised Sundressing: Sew 21 Easy, Breezy Dresses for Women and Girls:

2 of 2 people found the following review helpful. Melissa provided the bodice slopers for her garments but I ...By JUDY PEARL JONESMelissa provided the bodice slopers for her garments but I guess I was unprepared to have to measure and cut the skirt portion. Decent book but I guess I have been spoiled by all the other books providing complete patterns.0 of 0 people found the following review helpful. Easy and EconomicalBy Suzan AllanThis are easy dresses to make and economical. No advanced sewing skills required. I'd give it 5 stars if I liked all the styles. There's nothing wrong with any of them, just not all my personal taste. I also like that alternatives are discussed, ways to change the dresses or address fit issues.1 of 1 people found the following review helpful. Five StarsBy S. LewisGreat

book, very useful. Thanks for prompt service!

Create 21 fun, feminine looks that capture the essence of summer! Sundressing is a sensibility played out at barbecues and on vacations and in days without a plan. It's the slip dress you pull over a swimsuit at the pool and the frock you layer over leggings while dreaming of warmer days. And it's the effortless style this book will help you achieve. Featuring 10 women's dresses and 11 dresses for girls, and ranging from toddler to plus-size, each project starts with instructions for a bodice and a skirt, but from there, it's up to you! From the simple and pretty lines of the classic Primrose sundress to the edgy and stylish shape of the city-chic SoCo dress, you'll find the instruction and inspiration you need to make your own unique and custom-fitted dresses. Change the skirt length or style, try different fabrics and prints--make each dress a one-of-a-kind piece! Whether you're working on something lovely and versatile for everyday wear or creating a stunning showstopper for your next night out, you don't have to be afraid to mix it up. Your new warm-weather wardrobe is waiting in the pages of Sundressing!

"Sewists with an interest in dressmaking will find plenty of options in this collection." --Library Journal "Sundressing is unique and in classic Melly Sews style, it is also educational. I'm always looking for ways to improve my sewing and my understanding of pattern design. Sundressing is great for both of these goals." --A Happy Stitch "Each garment walks you through the process of creating a bodice and skirt, then the rest is up to you." --Make It Today Magazine "This book celebrates everything that a summer sundress is supposed to be. It's fun to see how many different ways a sundress can be adapted. It's a great, simple approach for those who are interested in beginning to alter designs for a better fit." --Right Sides Together
