This book features beautiful patterns with detailed instructions on how to weave their patterns. It starts with beginners patterns and ends with advanced patterns. My 12 year old daughter has never tried this before and was able to follow the pattern instructions given and enjoys this now.I would recommend this book to anyone who enjoys this craft!0 of 0 people found the following review helpful. Great projectsBy C. SadowniczakI bought this as a gift for a friend who does Swedish weaving. She said the instructions and diagrams were very easy to follow. There are some beautiful projects in this booklet.0 of 0 people found the following review helpful. I love all the Avery Hills books for Swedish weaving patternsBy Dorothy BoehmI love all the Avery Hills

books for Swedish weaving patterns. This book has been out of print for a number of years so I am thrilled to have it now for such a reasonable price. Thank you so much.
