Lori Gardner : Sweet Simple Country Cross-Stitch before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sweet Simple Country Cross-Stitch:

0 of 0 people found the following review helpful. Country Blue by Lori Gardner By Margaret Bright The designs are very easy to follow. I don't particularly like coloured charts as I find it difficult to differentiate between different colours. I like the fact that there are no fractional stitches. Lots of back stitch can make the work tedious but overall I liked working Country Blue 0 of 0 people found the following review helpful. Country Cross Stitch By Mickey I purchased this for a 13 year old grand daughter. It is just perfect for her to learn cross stitch. The directions are very well written for each project. The general directions for cross stitch at the beginning are also very good. The patterns in this book are really nice country patterns and ones I think she will like to do on clothing. 5 of 5 people found the following review helpful. Sweet Colourful By heartmade@bigpond.com A delightful collection of colourful country

designs. Each chart offers a variety of small designs that can be mixed and matched to suit you. Because they are cheerful and bright, they are fun to stitch. I loved this book, the presentation is refreshing.

Turn cross-stitching into a year-long endeavor with beautiful country-flavored designs set around each season. The patterns feature lively gardeners, farmers, angels, patchwork animals, and many more. Bonus: Learn how to dress your work in handsome, hand-painted wooden frames. The finished projects offer warmth and character for an eternity. 128 pages (all in color), 8 1/2 x 11.
