From Iva Rose Vintage Reproductions : Sylvia's Macrame Lace c.1860 - Civil War Era Knotwork Patterns before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sylvia's Macrame Lace c.1860 - Civil War Era Knotwork Patterns:

102 Pages. Such an amazing assortment of Victorian era laces this rare and exciting book contains! These are the beautiful knotwork designs that were so popular as trims and edgings during the time of the Civil War. In addition to the dozens of fancy fringes and insertions, other projects include a cravat, a fringe for a parasol, a work bag, a bag for a bathing dress, a beautiful basket for a layette, towels, window blinds and draperies. Also included are detailed instructions to make many different kinds of knots. The book is beautifully illustrated with large and impeccable drawings of the knots and finished projects. REPRODUCTION.
