From Houghton Mifflin : Taylor's Guide to Herbs: A Fully Illustrated Encyclopedia of More Than 400 Useful, Interesting, and Ornamental Herbs (Taylor's Gardening Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Taylor's Guide to Herbs: A Fully Illustrated Encyclopedia of More Than 400 Useful, Interesting, and Ornamental Herbs (Taylor's Gardening Guides):

0 of 0 people found the following review helpful. Five StarsBy DebbieVery well written informative.0 of 0 people found the following review helpful. LOVE THESE GUIDESBy Judith LongPrompt shipping. The cover is beat up but the information is what I wanted. I have other Taylor guides and paid a whole lot more for them (new). This will fill the bill for me.0 of 0 people found the following review helpful. I still used mineBy NancieI've used mine so much, it's falling apart. I was looking to replace it, but to my dismay, it's out of print.This book is very informative and it has a decent photo guide in the center for the most popular herbs. I bought this book and then became hooked on cultivating herbs.I don't know if I'll find a decent replacement. Too bad.

Gardeners are attracted to herbs for their usefulness, sentimental associations, and beauty. For whatever reasons they plant herbs, gardeners will find in this book the answers to all their questions--plus an encyclopedia of 400 herbs and a gallery of 260 color photographs.

"Taylor's Guides are the best, most authoritative guides on the market." (Garden Design)About the AuthorRita Buchanan is the coeditor and co-author of TAYLOR'S MASTER GUIDE TO GARDENING as well as many other books. A botanist, horticulturist, and passionate gardener and designer, she turned a featureless cow pasture into a glorious garden landscape surrounding her home. She resides in Connecticut.
